News from our Principal

September 2022

Change of School Working Time

Last year I asked the community for feedback on changing our school set time to 9.45 instead of 9.30. This was also flagged at school council in 2021. The reason for the requested change of time is to ensure students who have two commitments are able to meet their timeframes. The end of the school day has become impacted due to buses having to leave early to catch a bus from the school interchange. I am again seeking feedback from the community regarding the proposed time change from 9.30pm to 9.45pm for all students, for the next year. If there are any questions, please don't hesitate to contact the school. Please provide feedback on these proposed changes by Friday 27th September.

Enrolments 2023

As we are committed to maintaining a small school and numbers are growing at GPP for 2023, there are important this year, you have almost decided to use one of our schools it is important that if you know of anyone interested in enrolling with us then they do so quickly. Our class sizes are small and we do recognise this way as this allows teachers the value time required with individual students.

Student Led Interviews

As you are aware, here at GPP we strongly believe that students must own and lead their own learning, therefore each year they present their learning to Term 3 to their family. These presentations start at 9am on Wednesday 27th September. Please ensure you book a time to watch your child, children speak about their goals and targets, along with challenges they are writing for themselves. Children work long and hard to get together a folder of work to present, so please endeavour to support them. If you are unable to come on the day, perhaps a grandparent might like to support your child.

Attendance

A Department focus is the attendance rates in schools across the state. We pride ourselves on the low numbers of student absences, but this can happen with students attending every day. Sometimes every day your child has off from school is a day where they miss learning and have to catch up. Every time your child is late they miss out on their learning. We aim to provide every child with every opportunity possible to succeed in life through education.

Field Trips

Camps in Term 4 are nearly upon us, so please check in with Jane at the office to make sure you are up to date. Children are looking forward to these events. Remember if you receive the bill, make it over to this year toward camp costs.

Child Safety Schools

A great reminder that all schools are required to Child Safe Schools. Every school has facilities to read up on the online literature, plus our policy on our website.
