

## School profile statement

At George Street Primary School we support the right of all members of the school community to access safe and inclusive learning environments, including digital and online spaces. This form outlines the School's roles and responsibilities in supporting safe digital learning, as well as the expected behaviours we have of our students when using digital or online spaces. George Street Primary School integrates technology across a number of curriculum areas to remain at the forefront of 21<sup>st</sup> century learning. Students are taken through coding activities, browsing platforms, along with a variety of apps and software techniques.

George Street Primary School is dedicated to ensuring students have safe access to digital devices where students learn to use technology safely and responsibly. George Street Primary School encourages parents and students to work together when at home to ensure every student is safe if on the Internet. Students have a right to be free from cyber bullying or harassment. Students will be provided with learning activities around responsible and safe behaviour while using digital technology.

George Street Primary School will provide students with free access to devices and safe browsers when searching the internet. It is the students' responsibility to take care of all devices and to remain on safe browsing or internet sites. Students will learn about cyber bullying, acceptable use of the internet, along with legal sites.

George Street Primary School uses the following:

- Dojo
- Facebook
- Reading Eggs apps

All students will be taken through acceptable use agreements, the conduct expected when using a school device and how to browse safely, particularly when protecting individual privacy to remain safe when online. Students will be asked to read and sign the following with an adult:

- **A student declaration** outlining the conduct expected of students when using digital technologies. This should be aligned to a school's Student Engagement Policy
- **Acknowledgement** section for students and parents to declare their understanding of the AUA by providing their signature

George Street Primary School provides students with the following:

- Ipads for in-class use and educational purposes
- Laptops for in-class use and educational purposes

At our School we:

- Have a **Student Engagement Policy** that outlines our School's values and expected student behaviour. This Policy includes online behaviours;
- A **Digital Learning Policy**
- Have programs in place to educate our students to be safe and responsible users of digital technologies
- Educate our students about digital issues such as online privacy, intellectual property and copyright;
- Supervise and support students using digital technologies for school-directed learning;
- Use clear protocols and procedures to protect students working in online spaces. This includes reviewing the safety and appropriateness of online tools and communities, removing offensive content at earliest opportunity, and other measures;
  - See: [Duty of Care and Supervision](#)  
(<https://www2.education.vic.gov.au/pal/cybersafety/policy>)
- Provide a filtered internet service, at school, to block inappropriate content. We acknowledge, however, that full protection from inappropriate content cannot be guaranteed
- Use online sites and digital tools that support students' learning;
- Address issues or incidents that have the potential to impact on the wellbeing of our students;
- Refer suspected illegal online acts to the relevant Law Enforcement authority for investigation;
- Support parents and caregivers to understand safe and responsible use of digital technologies and the strategies that can be implemented at home. The following resources provide current information from both the Department of Education & Training and The Children's eSafety Commission:

## Student declaration

When I use digital technologies, I **communicate respectfully** by:

- always thinking and checking that what I write, or post is polite and respectful
- being kind to my friends and classmates and thinking about how the things I do or say online might make them feel (*ask students to reflect on how they would feel.*)
- not sending mean or bullying messages or forwarding them to other people.
- creating and presenting my own work, and if I copy something from online, letting my audience know by sharing the website link to acknowledge the creator.

When I use digital technologies, I **protect personal information** by being aware that my full name, photo, birthday, address and phone number is personal information and is not to be shared online. This means I:

- protect my friends' information in the same way
- protect my passwords and don't share them with anyone except my parent
- only ever join spaces with my parents or teacher's guidance and permission
- never answer questions online that ask for my personal information
- know not to post three or more pieces of identifiable information about myself.

When I use digital technologies, I **respect myself and others** by thinking about what I share online. This means I:

- stop to think about what I post or share online
- will not share or post the link (or password) to video conferencing meetings, with others offline in public communications or online on public websites or social media forums
- use spaces or sites that are appropriate, and if I am not sure I ask a trusted adult for help
- protect my friends' full names, birthdays, school names, addresses and phone numbers because this is their personal information
- speak to a trusted adult if I see something that makes me feel upset or if I need help
- speak to a trusted adult if someone is unkind to me or if I know someone else is upset or scared
- don't deliberately search for something rude or violent
- turn off or close the screen if I see something I don't like and tell a trusted adult
- am careful with the equipment I use.

At school we/I have:

- discussed ways to be a safe, responsible and ethical user of digital technologies.
- presented my ideas around the ways that I can be a smart, safe, responsible and ethical user of digital technologies.

I will use this knowledge at school and everywhere I use digital technologies

## 1-to-1 devices - considerations for inclusion

- Ownership and insurance
- Damage or loss of equipment
- User responsibilities
- Use at home/ School support
- Software / App updates and processes

Providing personal access to devices in implementing 1-to-1 programs to positively impact learning is complex and requires considerable planning. For Department of Education and Training (DET) or school-owned digital devices and technologies lent to students for use at home, that use must be for educational purposes only.

The Department provides resources to assist schools with planning a roadmap and suggested implementation ideas to ensure successful programs where practice aligns to policy.

### Signature:

I understand and agree to comply with the terms of acceptable use and expected standards of behaviour set out within this agreement.

This AUA applies when digital devices and technologies are being used at school, for school-directed learning, during school excursions, at camps and extra-curricular activities, and at home.

I understand that there are actions and consequences established within the school's Student Engagement Policy if I do not behave appropriately.
